

Asia-Pacific DME Forum 2022

아시아-태평양 DME 포럼 2022 (APDF2022)

October 27(THU) ~ 28(FRI), 2022

HOTEL INTERCITI 4F

In accordance with the global consensus on carbon-neutrality and energy sustainability, DME and renewable DME (rDME) are receiving attention as low-carbon fuel. In order to provide low-carbon and CO2 capture based rDME to Asia and Pacific area and share various information with institutions and companies to discuss new business models, the Korea DME Association is hosting the Asia-Pacific DME Forum 2022 (APDF 2022).

We hope to have various opportunities to discuss rDME business models and its potential market through this Forum.
